Intended use
SMÅHAGEL power supply kit includes 1 USB-A charger and 1 USB-A to USB-C 2m cable. It is designed to charge smartphones, as well as IKEA decorative lighting and LED spotlights.

Charger features
- The USB outlet can provide up to 1.0A load.

Instructions for use
Connect the power adapter into the wall socket. Insert the USB-A cable end into the USB outlet on the power adapter and the other end into the device you want to charge or power.

Good to know
- USB cable length and quality influences charging speed and performance.
- Devices may get warm during charging and will gradually cool down again after they are fully charged.
- Charger operating temperature: 5°C to 45°C (41-113 °F).
- Unplug the charger from the power source before cleaning and when it is not in use.
- To clean the charger, wipe with a soft dry cloth.

WARNING
- Discard the product if damaged.
- Only use in dry locations.
- Never submerge in water or other liquids.
- Children should be supervised to ensure they do not play with the product.
- Never use a damaged or faulty USB cable, since this can damage or harm the charger or your device.
- The wall socket must be located near the equipment and must be easily accessible.
